Pacansky, Tom	Exxon Chemical Co.
Vandenberg, Ed	
Wooten, Carl	

The meeting was called to order at 5:35 p.m.

PROGRAM FOR FALL MEETING 1996

It will be held in Boston in August. Ed mentioned that a topic on "Environmental Status Problem" might be interesting but after a discussion with other people, he concluded that we could rerun the videotape and people could get as much out of it. Ed asked for comments. Some of those mentioned were that there have been lots of new developments in the carpet area and that the value of recycled papers was going up and bringing in good prices. Another comment was there were a lot of technical presentations on these topics and questioned whether another symposium might be redundant.

OTHER SUGGESTIONS FROM THE FLOOR:

There were none.

NATIONAL ACS PLANNING MEETING  
WINDOWS RESTAURANT  
STAUFFER HARBORPLACE HOTEL, BALTIMORE, MD  
OCTOBER 9, 1995

ATTENDEES:

Anderson, Burt	Retired
Daly, Bill	
Jaffee, Mike	Hoechst Celanese
Vandenberg, Ed	
Stackman, Bob	Retired
Wooten, Carl	UNC

The meeting was called to order at 12:30 by Ed Vandenberg.

Program for August 1996 in Orlando

Other Suggestions:  
None

Public Perception:

Bob Stackman reviewed the awards since 1991. The intention of the award is to educate the General Public on the benefits of Polymers.

The first was awarded to Woodward and Sherman and the intention was to run workshops to educate children.

The second was awarded to the state of Utah and there have been some slight problems with this award

The third in 1993

The fourth was to the Science Alliance in Delaware. Their project is to

There were no proposals for 1995 and the deadline was extended to September first.

Should we continue to support this activity? It was the consensus that we should

There was some discussion on contacting some of the people who had submitted proposals the previous year since there was no proposal submitted this year.

Stackman moved that the project continue and it was approved.

PolyED

Ann Salamone reported on the Intersociety Polymer Council.

She thanked the Division for the contributions since they were higher than any other.

She reported on the success of the other workshops.

NEW MEMBERS:

Dave Dunkelberger reported that he sent 4 small mailings over 1 1/2 years. He sent mailing to current members to see if they could

give suggestions on how to recruit new members. He circulated a list of the companies that he contacted. He reported that he does not mind sending correspondence to 4 to 5 people in the same company until he makes the right contact.

STEVE COHEN:

He reported that there was one potential contact .

INDUSTRIAL SPONSORS REPORT

Ed circulated the report.

ADJOURNMENT:

The meeting adjourned at 6:10 p.m.
